Eat, Shop & Be Merry ...A Big Success!!

Thanks to all those who came out to 'shop local' at the "Farmers Christmas Market" in December; we also appreciate the dedicated vendors who continue to bring their goods and crafts to our town.

The "Farmers Market in the Park" will start up again in May 2011 at Shelter B. If you would like to purchase merchandise before that time, call **Friends of the Park** (819-6335) for your favorite vendor's number and they'll hook you up!

NEWS from Troutville's own POMEGRANATE Restaurant

Why not make your **New Year's Eve** plans this year with the Pomegranate? They have **two special options available**: either a four-course dining room menu (\$65/person) or a Gathering Room buffet (\$50/person). Both include a midnight champagne toast and live music with **SolRevolt** in the Gathering Room (9:00pm - after midnight). It's a great opportunity to stay closer to home this year, and still be social and merry with friends and neighbors!

You can also savor the food of two local celebrity chefs, now making Pomegranate's kitchen their own: Tony Pope and John Kim. Tony's incredible menu can now be seen on their website www.pomegranateva.com. They are also bringing back some of their customers' favorites -- all infused with country-rustic comfort food flair! Also, don't miss out on the smaller plate and price options for those nights that you just don't feel like cooking...they're just around the corner from you!

A Washington D.C. Trip to Remember

By Frank G. Lutz

On December 9 - 11, 2010, six (6) hardy souls from Troutville's Cave Creek Assisted Living Facility visited the nation's capital city.

Some of the sites visited included the Thomas Jefferson Memorial, Washington Monument, Lincoln Memorial, the Vietnam Wall Memorial and George Washington Masonic Memorial. We also caught glimpses of the White House and the U.S. House of Representatives, and drove past the Pentagon and Arlington National Cemetery; all of which made this writer very proud and humbled. Everybody was very solemn and respectful throughout the trip.

It was a very memorable experience; I hope to return to Washington again, and see even more of the sites.
